

**Decide what bit you want next.
Store the last bit you used...**

or, to use simpler language: Pic quic

These days, how often do you come across a product that is made in North America? We are glad (and proud) to report that Picquic products are made here & have been since 1988.

By itself, 'made in Canada' is not such a big deal. However, if a product is made with honest quality and provided at a fair, competitive price, like we do, then we think you've got something of true value.

Thanks to their unique form, function and quality, everyone that receives your Picquic will appreciate and actually use it for years to come!

Picquic's are made for industry, they're made for home and offices. They're made for Men, Women, Children and all kinds of Tradespeople, and - they're made to last. You'll find there is a Picquic model to suit virtually every application, and every budget, and with Picquics you get honest quality at fair prices.

⊞ Robertson Bit

SIXPAC Plus™

The original Picquic - Full size for professional or at home use. Solid handle for maximum comfort and torque; no moving parts to break (or lose). Anodized aluminum alloy shank for years of use. Bits are ideal for use in drills and powerdrivers.

Available Colours			Standard 1/4" Hex x 3" Bit Load:		
	Transparent Blue	PQ32515	 1/8"	3/16"	5/32"
	Transparent Yellow	PQ32515	 P1	P2	
	Transparent Red	PQ32515	 PZ1	PZ2	
	Transparent Green	PQ32515			
	Transparent Black	PQ32515			
	Opaque Orange	PQ32515			

SUPER 8 Plus™

All the same great qualities of the original with a removable Stainless nutdriving shank that works great for hose clamps & other hex fasteners.

Available Colours			Standard 1/4" Hex x 3" Bit Load:		
	Transparent Blue	PQ32537	 1/8"	3/16"	5/32"
Additional Part			 P1	P2	
	Nutdriving Shank		 PZ1	PZ2	

DASH 7™

Like its full size cousins, the DASH 7 comes with 7 1/4" Hex Powerbits, anodized shank & solid handle. It's smaller size reduces cost and keeps it compact but it's still 'every bit' a durable, no nonsense tool. Dash 7 competes head to head with copycat items.

Available Colours			Standard 1/4" Hex x 2" Bit Load:		
	Transparent Blue	PQ32502	 1/4"	3/16"	5/32"
	Transparent Yellow	PQ32502	 P1	P2	
	Transparent Red	PQ32502	 PZ1	PZ2	
	Transparent Green	PQ32502			

STUBBY™

The World's first-ever Multiple bit Stubby and still considered the best! Ideal for the kitchen drawer and superb for close-quarters work. High-strength magnet holds 'working' bit and screw securely. 1/4" hex 1.3" insert bits are ideal for powerdriving. The handle is built for comfort and torque; no moving parts to break (or lose). Anodized aluminium alloy shank for years of use. Bits are ideal for use in drills and powerdrivers.

Available Colours

Standard 1/4" Hex x 1,3" Bit Load:

 Opaque Blue	PQ32530	 1/4"	3/16"
 Opaque Yellow	PQ32530	 P1	P2
 Opaque Red	PQ32530	 PZ1	PZ2
 Opaque Green	PQ32530		
 Opaque Black	PQ32530		

Multique™

The slim, comfortable handle is great for smaller hands & finer work. Slender, high quality general purpose bits make it great around any house or workplace and allow access into deep recesses. Multique is the perfect handle size for Women.

Available Colours

Standard 3/16" Hex x 2,5" Bit Load:

 Opaque Blue	PQ32520	 1/8"	3/16"	5/32"
 Opaque Yellow	PQ32520	 P1	P2	
 Opaque Red	PQ32520	 PZ1	PZ2	
 Opaque Green	PQ32520			
 Opaque Orange	PQ32520			
 Opaque Fuchsia	PQ32520			

Teeny Turner™

Turns Teeny Screws

The "Teeny" is perfect for servicing eyeglasses & today's electronic devices. Bright, fun colours are especially appealing to the younger generation. Fast becoming the most sought - after Picquic. Cookie jar & price make it a great impulse item.

Available Colours

Standard 3/16" Hex x 1" Bit Load:

 Opaque Blue	PQ32540	 1/8"	3/16"	5/32"
 Opaque Yellow	PQ32540	 P1	P2	
 Opaque Red	PQ32540	 PZ1	PZ2	
 Opaque Green	PQ32540			
 Opaque Orange	PQ32540			
 Opaque Fuchsia	PQ32540			

Additional Bits and Custom Bit Loads

Picquic not only makes the best value in screwdrivers, but supports your purchase with available replacement power-rated bits in the standard 1/4" size. Power-rated bits means that these bits are made to be used in power tools!

Standard Sixpac Plus and Super 8 Plus bits are 3" long, Dash 7 bits are 2" long and the Stubby bits are 1.3" long.

Multique and Teeny Turner bits are 3/16" hex wide with the Multique bits 2.5" long and the Teeny Turner bits are 1" long.

These bits are made to hardness RC: 58-60 and are no slouches when put to hard work!

All 1/4" hex bits are interchangeable with the different Picquics and the same is true for the 3/16" hex bits. This means that you can use a Stubby bit in the Dash 7 or the Sixpac Plus, and a Multique bit in the Teeny Turner and vice versa.
